

Our high quality nylon 6,6 heat stabilised cable ties are available in natural (with a green tint) and come packed in 100's. They can be tightened by hand or using one of our tensioning tools. Our heat stabilised cable ties are tested before leaving the factory by an outside testing company to ensure the highest levels of quality and strength.

This product has the certifications below:

Colours Available:

■ Natural (Green Tint)

Material Specification:

- Material: Nylon 6,6
- Flammability Rating: UL94-V2
- Working Temperature: -40°C to +120°C

**Our Heat Stabilised Cable Ties are RoHS compliant, Low Smoke Generating & Zero Halogen**

Strength Specification:

The majority of our heat stabilised cable ties are tensile tested randomly before leaving the factory to ensure they are at least meeting, but in the majority of cases well exceeding the minimum tensile strength quoted below:

- 4.8mm Wide Cable Ties – 22.2kg (50lbs)
- 7.6mm Wide Cable Ties – 54.4kg (120lbs)
