Our high quality coated stainless steel cable ties are ideal for applications where higher strength, higher temperature range and resistance to fire is required. They come as standard in 316 grade stainless steel. The coating is to prevent galvanic attack.

This product has the certifications below:

Colours Available:

■ Black

Material Specification:

- Material: 316 Grade Stainless Steel
- Material (Coating): Polyester
- Working Temperature: -80°C to +500°C
- Working Temperature (Coating): -50°C to +150°C
- When installed correctly our coated stainless steel cable ties comply with BS7671

Strength Specification:

Our coated stainless steel cable ties comply with the minimum loop tensile strengths below:

- 4.6mm Wide Cable Ties – 89kg
- 7.9mm Wide Cable Ties – 163kg

All Specifications are Subject to change
